If the HPU Libraries do not own an item needed for your research, you may request the item from another library through Interlibrary Loan. This service is available to HPU students, faculty, and staff. Items include books, audio and visual items, articles, microform items, etc.

- Articles can be delivered electronically to the patron’s email in about 1-3 days. Books take a bit longer, between 1 and 3 weeks. Please keep in mind when requesting materials that these are the average turnaround times.
- Instructional or specialty video and audio materials, dissertations, music scores, and most other types of items can be requested.
- Items can be picked up in Smith Library.

You can make your request through HPUShare, which requires you to have a library account. You can create a library account here:
http://www.highpoint.edu/library/my-library-account/

Then, to submit an ILL request, go here:

General Search Tools:

Library Catalog:
https://hpulibraries.worldcat.org/advancedsearch
The library catalog allows you to search not only HPU Libraries, but libraries worldwide. This can be extremely helpful when trying to collect quality resources.

Library Databases:
HPU has over 200 general and subject specific databases. For history research, these are the most recommended:

JSTOR:

ProQuest History Databases:
http://search.proquest.com/history?accountid=11411
All of ProQuest’s history-related publications in one database.

ProQuest Central:
